

PÖ

Producer, DJ, Vocalist

- **Music producer, vocalist and DJ, French Ghanaian artist PÖ has been a long time affiliate of the Nyege Nyege crew.**
- **She challenges your dancing shoes with afrocentric sets from Luanda to Kingston, Accra to Bahia, weaving together forgotten connections on the dancefloor and unlocking bodies for ultimate freedom.**
- **She intertwines the colors of dancehall and heavy Brazilian funk with high speed caribbean madness and footwork, occasionally giving moments of relief before diving right back into some raging kuduro.**
- **Breaking up rhythms, switching up paces, her sets are a trove of discoveries and unexpected connections in high intensity energy.**

- **PÖ released her debut album “Cociage” under the label Hakuna Kulala in March 2023. An electronic project of vocal experimentation that contrasts with her fiery and uplifting dj sets; a universe filled with tracks that range from ghostly ambient to post punk polyphonies.**
- **An expression of the darker and more introspective side of her and a statement of independence and multiplicity that evokes her own identity.**
- **PÖ has turned up the heat at major festivals like Nyege Nyege, We Love Green, Roskilde, Peacock Society, Primavera, Borderline....**
