

ROMAIN GARCIA

Graduated in graphic arts, born in Paris of Spanish origin, **Romain Garcia** has always drawn from his numerous **influences**, whether **cultural or artistic**.

After getting close to **Ben Böhmer**, who immediately hooked on the soaring style and dancing rhythms of his tracks, Romain and him produced a track that aimed to help people get a bowl of fresh air after the quarantine. That's how "**Cappadocia**" was born, the first track of Romain Garcia released on **Cercle Records** in 2020, already accumulating **more than 23 million streams**.

His single "**White Flag**" on Ton Topferei in 2021, followed by his **first EP "Syamo"** on Kidding Aside allowed him to be scouted by **Anjunadeep** who made him their focus for the next 5 years.

The french **electro press** (Tsugi, Libération) gave a warm welcome to the following projects and Romain is now regularly **playlisted** on american **radio Sirius Chill**.

Since then, he **performed in the biggest clubs in Europe** (Printworks/Fuse/T7...), went on an intense **US/Asia tour** in 2023 and is booked for **Brooklyn Mirage** and **Red Rocks Colorado** in 2024.

This rose the attention of the **French TV** that followed him for a year and broadcasted a **90min documentary about his career** as a young international DJ ready for his **next challenge : the first album**.
