سفيان سعيدي

Prince of Rai 2.0

The press nicknamed him the Prince of Rai 2.0. The label makes him laugh. Yes, he grew up in Algeria. Yes, he landed 30 years ago in Paris. Since then, the musician never stoppes exploring new bridges, with his oriental roots, his heart open to all electronic vibes, all sounds, to all worlds. His unforgatable voice leads you to a maginificent and powerfull dream.

His work with Acid Arab, released in the album "Musiques de France" on Crammed Discs, results in El Hafla: The party. The album was nominated for the Victoires de la Musique in 2016.

Paris - FRANCE

After 2 albums - El Mordjan, and El Njoum with Mazalda - , Sofiane continues collaborations: Acid Arab with the title Rimitti d'Or or Leila, Rodolphe Burger with the Mademoiselle project, he pays tribute to Rachid Taha by embodying the voice of rai alongside Jeanne Added, Christophe and Catherine Ringer, features on AMMAR808...

At the same time, he produces film music and lends his voice to many featurings. Sofiane can't stop working !

Now solo, his live show is a night experience, a subversive exploration, a charge of erotic transgression, the rai soul in an electronic body. The greatest Algerian voice.
