

HOLD ME

The way they silenced my needs
Like it's a war, they wanna win
The way they forced me to choose
Like it's a game they're scared to lose

I won't be running away
Like it's a shame to be abused
I won't be hiding away
Like it's a crime, to break their rules

Hold me in your arms
Free me from their ties
Hold me in your arms
Wash away their lies

They way they tore me apart
Like I'm a corpse they wanna ditch
They way they sold me for parts
Like I'm some tool they didn't need

I won't be running away
Like it's a shame to be abused
I won't be hiding away
Like it's a crime, to break their rules

Hold me in your arms
Free me from their ties
Hold me in your arms
Wash away their lies
