

NTO

A leading figure in **French melodic techno**, **NTO** has been **performing worldwide** for nearly 10 years. Tomorrowland, Printworks, Sonar, Dour, and the most prestigious clubs and festivals in the world have hosted his live shows celebrating his latest **album APNEA**, released in 2021, which has accumulated over **150 million streams** and a **gold single**.

His **distinctive sound** is recognizable among thousands, allowing him to **collaborate** globally while maintaining the essence of his music in each of his productions. From **Paul Kalkbrenner** to **Meute**, **Tricky**, and **Monolink**, the synergies are always relevant and enrich NTO's work with harmonious diversity.

In 2024, NTO signs with the very promising French electronic music label All Night Long and unveils a project he has been developing for nearly a year : an **album**, "**Forever Friends**" in collaboration with the most followed pianist of his generation, **Sofiane Pamart**. The two worlds then meet under a single narrative : that of the celebration that brings people together and where friendships are forged.

In the summer of 2024, as he graces Europe's biggest stages, NTO releases a new single called "**Aura**", in collaboration with the **talented producer Gordo**, featured on the latter's prestigious album "Diamante."
