EDM IDENTITY

Biography

Romain Garcia embodies the **renewal of melodic techno**, blending **dreamy house** with **sun-soaked deep house**. Spotted early by **Ben Böhmer**, their collaboration **“Cappadocia”** on Cercle Records is now certified Gold (**+40M streams**).

In 2021, he released his debut EP ‘Syamo’, then joined UK label **Anjunadeep** with ‘Before You Go’, praised by the French press and broadcast on **Sirius Chill**. His audience skyrocketed as he multiplied collaborations, notably with DJ **Pone** and **Disiz**.

Romain has already played on **top-tier stages** (Printworks, Fuse) and toured as far as **Australia, India, and South America**.

French national TV channel France 2 dedicated a **90-minute documentary** to his rise as a DJ-producer.

In 2024, he released ‘Digital Diva’, a nostalgic hymn to the summer that just passed. A soundtrack for waiting for the next. Because Romain doesn’t want it to end, he keeps dreaming. And with new tracks **‘Next To You’, ‘Alone’** and **‘Used To’**, he opens a new chapter. One that marks the beginning of something larger: his **debut album**.
