DJ MAG

Biography

Romain Garcia draws inspiration from his cultural and artistic influences. A **DJ and producer** since his teenage years, he sent a demo to **Ben Böhmer** during lockdown, who was immediately captivated by his **dreamy style** blending **exotic sounds and twisted vocals**. This encounter led to **Cappadocia**, released on **Cercle Records** in 2020 and **now certified Gold**.

After releasing a single on Ton Töpferi, Romain dropped his first **EP Syamo** in 2021 and signed to the UK label **Anjunadeep**. His **EP Before You Go** (February 2022) was praised by the press (**Tsugi, Libé...**) and playlisted on **Sirius Chill (USA)**. Spotted by NTO’s management, he now shares some of **the most prestigious stages across Europe** (Printworks, Fuse, T7) and the **USA** (Brooklyn Mirage, Red Rocks). His rise led to a **documentary** aired on **French TV**, retracing his journey as a young international DJ, **on the road towards his debut album**.

In early 2025, Romain begins a **new chapter**, unveiling **Next To You**, followed by **Alone**, a powerful and emotional club track born on the road and composed in solitude.
